

North Scott Music Boosters

“Helping Lancers Reach the High Notes”

Dear Parents,

As a parent of a North Scott student, you are already one of the North Scott’s biggest supporters. Parental support takes many forms; most importantly, the encouragement you provide your son or daughter in their musical endeavors. That encouragement is immeasurable, and the value will be seen throughout a lifetime.

We realize the financial commitment it takes to have a child involved in school activities. The NS School District is supportive of these activities. However, to maintain our high-quality program, it is essential to seek outside funding. That is the purpose of this letter.

The NS Music Boosters sponsor the Patron Program that provides additional funding for vocal and instrumental music. Some of the items funded in the past year of this program include a saxophone, gong stand, bell carts, choir flip-form risers, microphones, computer software, and musical arrangements. We were especially proud to award four \$500 college scholarships to graduating seniors, which we will continue to do each year.

The Patron Program makes it possible for parents to be involved on a variety of levels, and one of its unique aspects is a season pass/voucher system that provides donors free admission to some vocal and instrumental performances. The Music Boosters feel it is important that patrons receive a little something extra in return for their contribution. Details can be found on the enclosed sheet. (If you are downloading this from the web page, we invite you to download the donation chart/form for said details.)

The students, their directors, and the NS Music Boosters appreciate all that you contribute to the music program’s success and look forward to your future support, whether that support is financial or volunteered time.

Sincerely,

Cindy Wolf
